

Dear Children

The holidays have begun. It is time to have fun. It's the time for you to catch up with all that we have been longing to do, go for a long walk with your parents, enjoy the beautiful morning sunrise and evening sunset, admire the beauty of Nature, hear the chirping birds and see the fluttering butterflies.

It is time to catch up with Grandma's never ending stories and play wonderful games with Grandpa.

Studies are important for us to gain knowledge, and sports are important to keep us active, healthy and learn various personality traits such as leadership, team spirit, responsibility and many more. Keep yourself engaged during your summer break.

Though we will miss you and your chatter and laughter definitely, we wish you a

HAPPY AND HAPPENING SUMMER VACATION !!!

Enjoy and take care of yourself !

With Love

HOLIDAYS' HOME WORK (SESSION: 2018 – 2019)

Dear Parents

The school will break up for summer vacation from May 31, 2018 to July 01, 2018 and reopen on July 2, 2018. It's a long time for the children to remain away from the school and if they completely forsake their books during the vacation, they are likely to struggle when they join back. The holidays therefore have to be a healthy mix of play and work. It is a wonderful time for self learning and therefore the work given should be done by the children with your occasional guidance.

As parents, kindly motivate and lend support to your children and ensure that they complete the given work well-in-time and do the best of their ability, your encouragement can actually make a huge difference to the ultimate learning outcome of these assignments.

Please note the following:-

- ☺ Keep at least half an hour a day for sharing experience with your child.
- ☺ Encourage your child to speak in English. Fix minimum one hour a day when you communicate with your child only in English.
- ☺ Restrict his/her television watching and playing with smart phones, confining it to interesting children's programs, Discovery Channel/National Geographic Channel etc.
- ☺ Develop self help skills let your child dress and feed on his/her own.
- ☺ Make him understand the importance of cleaning his/her room and putting away toys and belongings after use.
- ☺ Take your child out for picnics and to other places of his/her interest. Ask him/her to make a note of all the places he/she visits and the things he/she sees so that he/she is able to discuss his/her experience with his/her classmates after the vacation.

Have a nice time !!!

Worksheet – 1

Q1. Represent $\frac{-5}{6}$ on the number line.

Q2. Fill in the blanks :-

a) $\frac{-4}{13} + \underline{\hspace{2cm}} = 0$

b) $\frac{9}{17} \times \underline{\hspace{2cm}} = -1$

Q3. Write 4 rational numbers between $\frac{-3}{2}$ and $\frac{5}{3}$.

Q4. What is the perimeter of a rectangle, whose length and breadth are $4\frac{1}{6}$ cm and $5\frac{3}{4}$ cm respectively?

Q5. Multiply $\frac{-9}{16}$ by the multiplicative inverse of $\frac{15}{36}$.

Q6. Use distributive property of multiplication over addition to simplify the following :-

$$\frac{-2}{3} \times \left(\frac{4}{7} + \frac{2}{9} \right)$$

Q7. Write the additive inverse and multiplicative inverse of $\frac{-1}{52}$.

Q8. Subtract $\frac{-5}{9}$ from $\frac{-8}{11}$.

Q9. Check commutative property of multiplication for the rational numbers

$$\frac{6}{7} \text{ and } \frac{-2}{3}$$

Worksheet – 1

Topic – Crop Production, Synthetic fibres & Plastics

Q 1 Choose the most appropriate answer:-

i) In which season Rabi crop is grown?

- a) Winter b) Rainy season c) Summer d) Autumn Season

ii) When healthy seeds are dipped in water, seeds will _____

- a) Sink in water b) Float in water c) Neither sink nor float d) All of these

iii) Which one is used to store grains on large scale?

- a) Jute bags b) Silos c) Metallic bins d) All of these

Q 2 Write cropping pattern for the following crops (Rabi/Kharif)

a) Paddy, Maize, Soyabean, Groundnuts

b) Wheat, gram, mustard, Alsi

Q 3 Differentiate between fertilizers and manures.

Ans. :-

Q 4 Write one word for the following sentences:-

a) Undesirable plants which are grown along with crop are called

b) Turning and loosening of soil is called

c) Bacteria is present in roots of Leguminous plants

d) Rearing of animals at large scale

Q 5 What do you mean by polymerization ?

Ans :

Q 6 Fill in the Blanks:-

- 1) Synthetic fibres soak water than the natural fibres and take time to dry.
- 2) Plastics do not react with and
- 3) is a special plastic on which oil and water do not stick.
- 4) Polythene which is used to make polythene bags is an example of
- 5) We should remember the 4R principle
